1. Introduction to Quick Top Links

Magento Quick Top Links extension allows accessing store main sections right away when hovering the mouse pointer over top links – instantly, with no clicks. Popping up default blocks contain items in Cart and Wishlist with the ability to edit and delete products and proceed to checkout, Log In fields, About Us info and My Account menu. It's possible to add your own top links and configure blocks appearing when hovering over them.

Key features:

- Top links enhanced with pop up blocks
- Blocks appear on hover
- Custom blocks content is created in WYSIWYG editor

Overall information

Upgrade your top links to the advanced navigation tool, which decreases number of clicks and page reloads, improves browsing experience, allows checking out instantly and increases sales.

Configure animation settings for the blocks and check the configuration in the demo. Enable blocks for the default top links: My Account, My cart, My Wishlist and Log In. Create custom top links and edit the content of the pop-up in the WYSIWYG editor. Enable the fixed menu feature for top links to take a permanent place in the screen.

2. How to Install

Step 1. Check Permissions.

Make sure the "app", "skin", "media" and "js" directories of your Magento and all directories inside them have full written permissions or set permissions on each directory equal to 777 or 0777.

Important! Change all permissions back after installation.

Read more about permissions [here](#).

Step 2. Disable Cache.

Log into Magento **Admin Panel** and go to **System** → **Cache Management** and disable cache.

Read more about Cache Management [here](#).

Step 3. Disable Compilation.

Log into Magento **Admin Panel** and go to **System** → **Tools** → **Compilation** and disable the compilation.

Step 4. Upload files

Upload all files and folders from folder to the installation directory of your Magento software using an FTP client.

Step 5. Re-login.

Log out and back into Magento **Admin Panel**.

Step 6. Enable extension.

a) Go to **System** → **Configuration**. In the left column you will see the new tab – **Belvg Extensions**.

b) Enable extension for the whole website or selected store.

Now extension is installed and enabled.

After this step you can change all permissions, cache and compilation settings back.

How to Deactivate

Step 1. Disable Extension.

Log into Magento **Admin Panel** and go to **System** → **Configuration** → **Quick Top Links** → **Settings**
Select "Disable" to deactivate the extension (its functionality will no longer display in the front end).
Click "Save Config" button.

The extension is now deactivated.

Step 2. Clear cache.

Go to **System** → **Cache Management**.

Clear the store cache.

3. How to Configure

Log in to the admin panel, and we will show all you may need to configure.

Navigate to **System** → **Configuration** → **BelVG extensions** → **Quick Top Links**.

General Settings

This module was developed by www.BelVG.com. For docs & examples refer to the BelVG [web site](#).
We have the largest selections of [extensions](#) and [themes](#) on Magento.

Module Enabled	Enable	[?] [STORE VIEW]	<i>Enable the extension</i>
Customer's Links	Enable	[?] [STORE VIEW]	<i>Enable custom top links</i>
Link's Scroll Bar	Enable	[?] [STORE VIEW]	<i>Select if you want to fix the links</i>
Overlay	Enable	[?] [STORE VIEW]	<i>Enable the overlay effect</i>

In the first line of **General Settings** area, enable the extension.

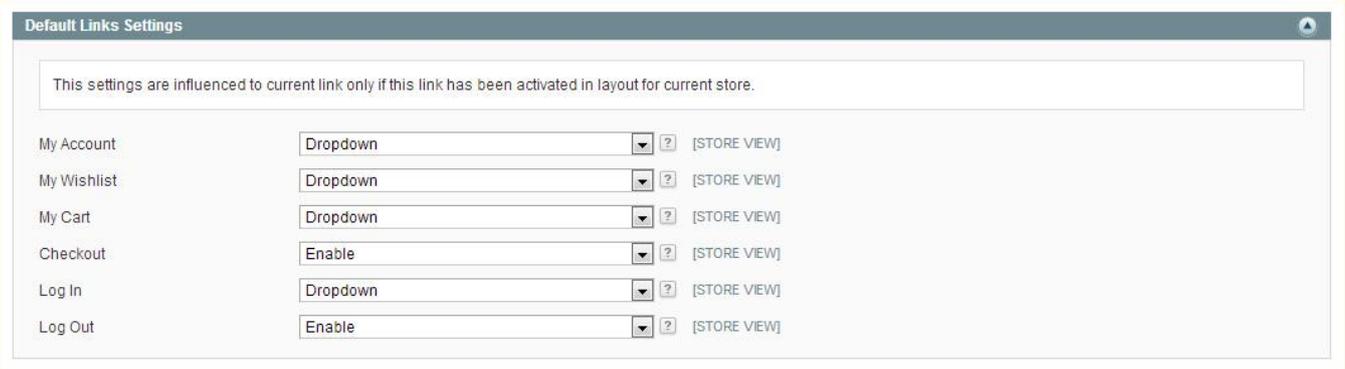

In **Customer's Links** menu, select if custom top links should be displayed.

In **Link's Scroll Bar** menu, select if you want to fix the panel with top links so that the user would see them after the page is scrolled down.

In **Overlay** menu, select if you want the overlay to appear when hovering over the top menu link.

In the next **Default Links Settings** area, configure default top links.

Configure default top links

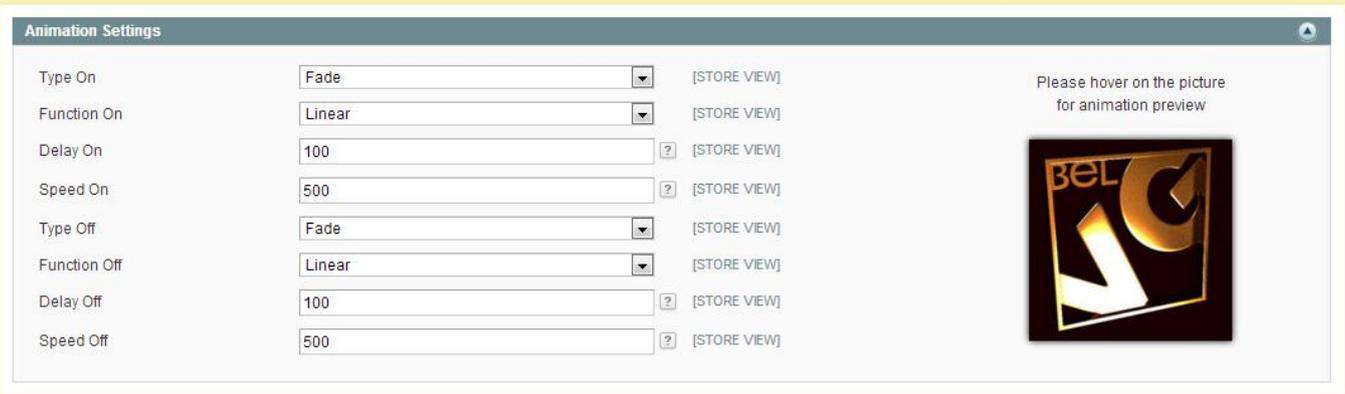

Link	Setting	Help	View
My Account	Dropdown	?	[STORE VIEW]
My Wishlist	Dropdown	?	[STORE VIEW]
My Cart	Dropdown	?	[STORE VIEW]
Checkout	Enable	?	[STORE VIEW]
Log In	Dropdown	?	[STORE VIEW]
Log Out	Enable	?	[STORE VIEW]

Select **Dropdown** for pop-up block to appear. Blocks for **Checkout** and **Log out** links are not necessary; the only options are therefore **Enable** and **Disable**.

The next area is **Animation Settings**. Configure how blocks should appear and disappear: type and style as well as time before animation starts and total animation time in milliseconds. Hover the mouse pointer over the BelVG logo.

Configure and test animation

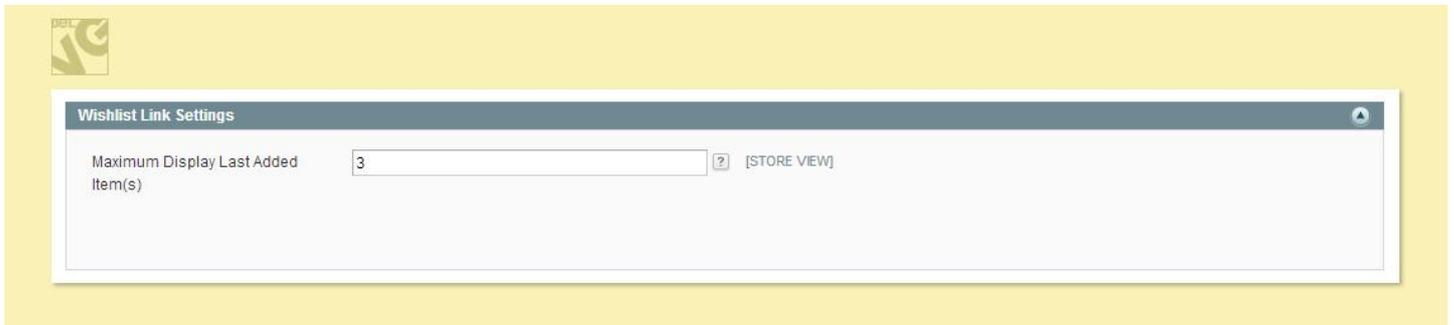

Setting	Value	Help	View
Type On	Fade	?	[STORE VIEW]
Function On	Linear	?	[STORE VIEW]
Delay On	100	?	[STORE VIEW]
Speed On	500	?	[STORE VIEW]
Type Off	Fade	?	[STORE VIEW]
Function Off	Linear	?	[STORE VIEW]
Delay Off	100	?	[STORE VIEW]
Speed Off	500	?	[STORE VIEW]

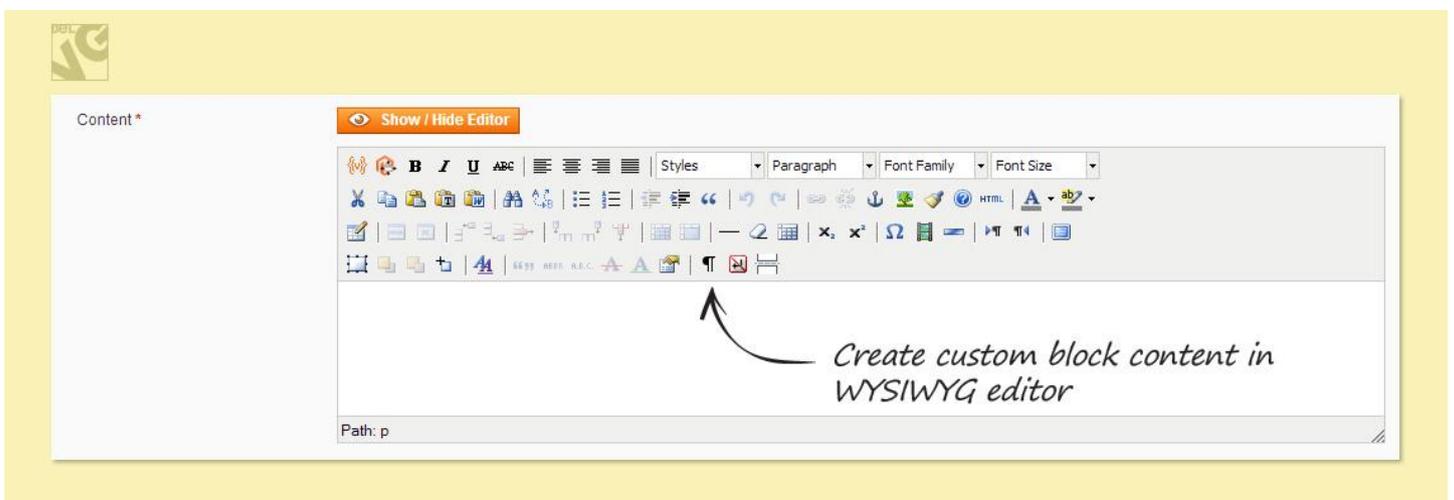

Please hover on the picture for animation preview

Finally, in **Wishlist Link Settings** area, enter the maximum number of items being displayed in the **My Wishlist** block.

To create a custom top link and block, appearing when hovering over it, go to **CMS -> Static Blocks**. Click **Add New Block** and create the content. Save the block.

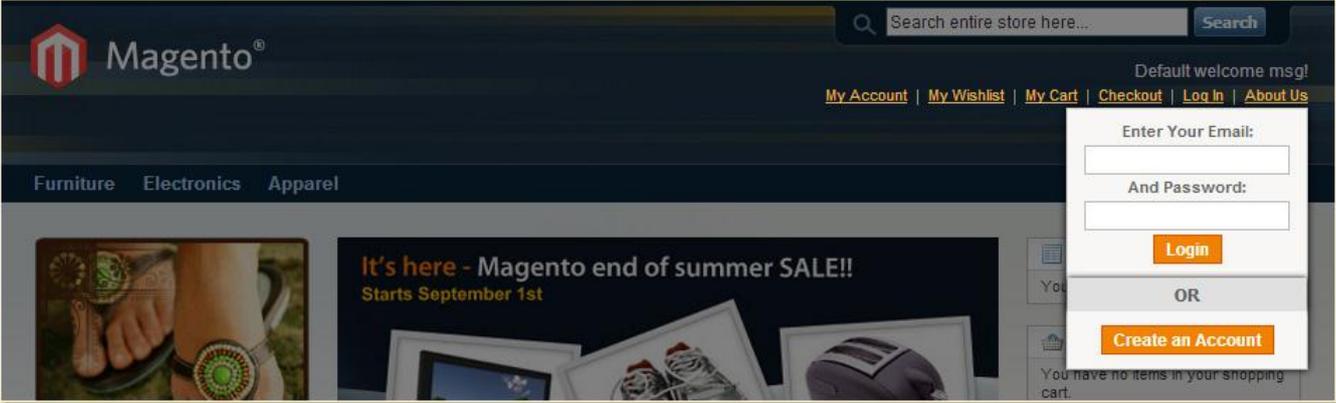

Go to **CMS -> Toplinks** and click **Add new**. Create a new top link. In **Stores Settings** tab, select **Enabled in Store** checkbox in the corresponding area. In **Static Block** menu, select the block you want to appear when hovering over the link.

4. How to Use

Blocks appear when the pointer is hovered over default and custom top links.

*Blocks appear when the pointer rests on default and custom top links.
Log In block*

The screenshot shows the top of a Magento store. The navigation bar includes a search bar, a 'Default welcome msg!' link, and links for 'My Account', 'My Wishlist', 'My Cart', 'Checkout', 'Log In', and 'About Us'. A 'Log In' block is overlaid on the right side, containing fields for 'Enter Your Email:' and 'And Password:', a 'Login' button, an 'OR' separator, and a 'Create an Account' button. Below the navigation bar, there are category links for 'Furniture', 'Electronics', and 'Apparel'. A main banner features a watch advertisement and a 'Magento end of summer SALE!' announcement starting on September 1st.

About Us block

The screenshot shows the same Magento store with an 'About Us' block overlaid on the right side. The block contains the following text: 'Welcome, John Bow!', 'My Account | My Wishlist (2 items) | My Cart (4 items) | Checkout | Log Out | About Us', and a paragraph describing BelVG as an eCommerce development company. It lists three partner roles: 'Magento Silver Partner', 'PrestaShop Silver Web Agency', and 'OXID Basic Solution Partner'. The block also mentions that the BelVG team is fluent in English, German, French, and Russian. The background shows the same store layout as the previous screenshot, but with the 'Log In' block removed and the 'About Us' block added.

My Cart block

The screenshot shows a Magento storefront with a search bar at the top right. Below the navigation menu, there are promotional banners for 'Anashria' sandals and a 'Magento end of summer SALE!' starting September 1st. A 'My Cart' block is overlaid on the right side of the page, displaying the cart contents and a checkout button.

There are **2 items** in your cart.

Cart Subtotal: \$2,149.99 **Checkout**

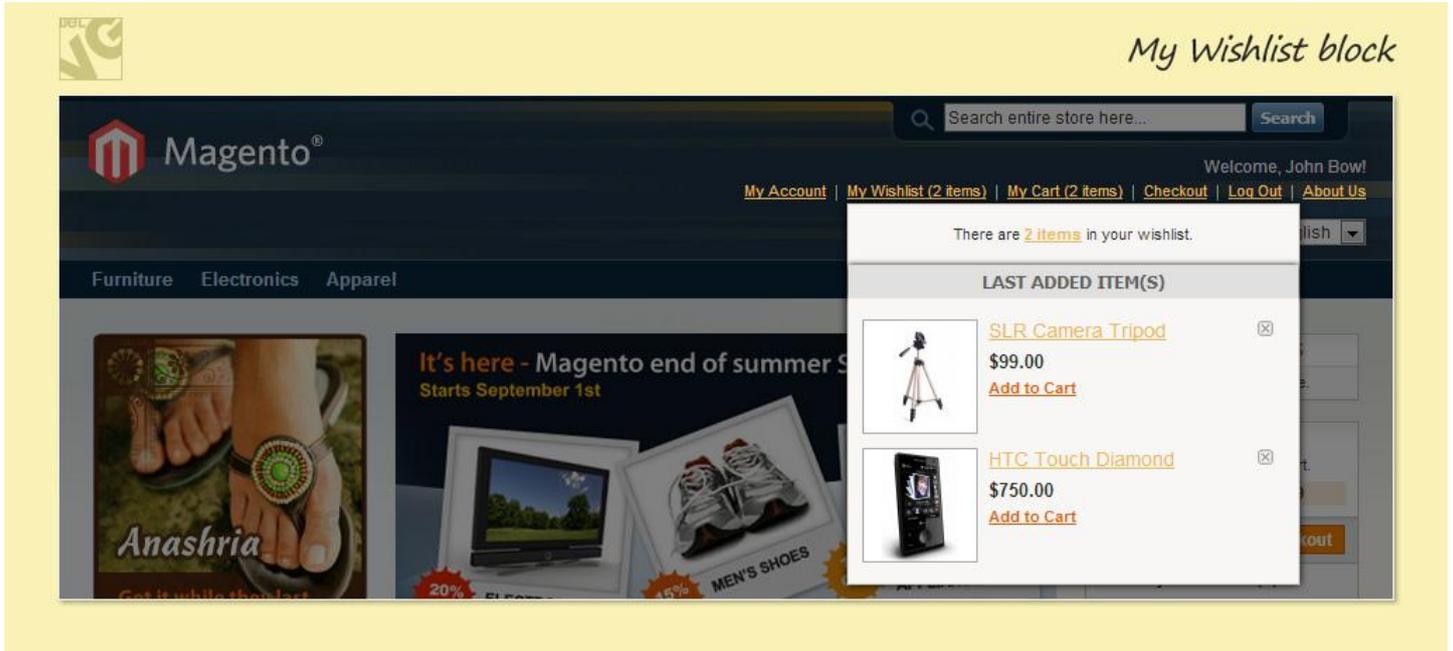

RECENTLY ADDED ITEM(S)

	Toshiba M285-E 14" 1 x \$1,599.99		
	Canon Digital Rebel XT 8MP Digital SLR Camera 1 x \$550.00		

My Account drop-down menu

The screenshot shows the same Magento storefront as above, but with the 'My Account' dropdown menu open. The menu lists various account management options. The background shows the same promotional banners and a partial view of the cart block.
